Reasons for Allowance

The photographs dated June 10, 2005 have been cancelled because the Applicant states that it is not of the instant cultivar, 'Zesty Yovanessa'. The original photographs dated January 26, 2005 was objected to because the coloration of the ray florets did not correspond with the specification (Office Action dated February 22, 2005). The Applicant states on July 19, 2005 that the original photographs are reasonably accurate and the colors of the ray florets as described in the specification are correct. The reason for the difference in coloration is due to the light reflectance. Therefore, the Examiner accepts the original photographs dated January 26, 2004.

The specification provides as complete a botanical description as reasonably possible of the claimed plant. The completeness of the description is sufficient to distinguish this new plant from the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
